

Skill Demonstration Rubric

Criterion	Performance metrics	Score
1. Project framing & motivation 3 POINTS	3: Clear, compelling question and purpose; relationship to course is immediately apparent. 2: Topic and purpose are evident, but framing or motivation needs development. 1: Focus is unclear, or motivation and link to class is absent.	____ / 3
2. Understanding & accuracy 3 POINTS	3: Accurate, precise content; explanations and interpretations demonstrate strong understanding. 2: Generally accurate, with minor errors, gaps, oversimplification, or limited depth. 1: Major inaccuracies or misunderstandings substantially weaken the presentation.	____ / 3
3. Organization, slide quality, and visual communication 3 POINTS	3: Coherent structure and flow; polished, readable slides and visuals enhance understanding. 2: Generally organized and readable; transitions, consistency, or visual integration need refinement. 1: Difficult to follow; slide design or visuals interfere with understanding.	____ / 3
4. Delivery, timing, and team balance 3 POINTS	3: Clear, engaging delivery; appropriate pace, on time, with balanced team contributions. 2: Generally understandable; clarity, pacing, timing, or team balance needs improvement. 1: Difficult to follow, substantially over/under time, or participation is unbalanced.	____ / 3
5. Response to questions 3 POINTS	3: Clear, accurate, thoughtful answers demonstrate strong command of the project. 2: Partially correct or hesitant answers reveal some gaps in understanding. 1: Unable to address basic questions or provides substantially inaccurate answers.	____ / 3
