

Skill Demonstration Rubric

Criterion	Performance metrics	Score
1. Project framing & motivation 2 POINTS	2: Clear, compelling question and purpose; relationship to course is immediately apparent. 1: Topic and purpose are evident, but framing or motivation needs development. 0: Focus is unclear, or motivation and link to class is absent.	____ / 2
2. Understanding & accuracy 2 POINTS	2: Accurate, precise content; explanations and interpretations demonstrate strong understanding. 1: Generally accurate, with minor errors, gaps, oversimplification, or limited depth. 0: Major inaccuracies or misunderstandings substantially weaken the presentation.	____ / 2
3. Organization, slide quality, and visual communication 2 POINTS	2: Coherent structure and flow; polished, readable slides and visuals enhance understanding. 1: Generally organized and readable; transitions, consistency, or visual integration need refinement. 0: Difficult to follow; slide design or visuals interfere with understanding.	____ / 2
4. Delivery, timing, and team balance 2 POINTS	2: Clear, engaging delivery; appropriate pace, on time, with balanced team contributions. 1: Generally understandable; clarity, pacing, timing, or team balance needs improvement. 0: Difficult to follow, substantially over/under time, or participation is unbalanced.	____ / 2
5. Response to questions 2 POINTS	2: Clear, accurate, thoughtful answers demonstrate strong command of the project. 1: Partially correct or hesitant answers reveal some gaps in understanding. 0: Unable to address basic questions or provides substantially inaccurate answers.	____ / 2
